**Residency
for a ceramist.**

Spring 2019

**Application
deadline:
07.12.2018**

Krabbesholm Højskole is offering a residency for a ceramist in the spring of 2019.

You will get access to the school's ceramic workshop as well as the other workshops at the school. Most of the time you will be working on your own projects and we encourage that you exhibit your work in the school's exhibition space at the end of your residency.

You are required to do some teaching during your time here. In the spring there will be 100 hours of teaching which you will be involved in planning.

The teaching consists of both scheduled classes and ad hoc instruction of the students outside of the normal teaching hours. You will get a monthly salary which will add up to 50.000 DKK for the entire semester.

We presuppose that you will live at the school and take part in the social life here with everything it entails. The school will provide a modest accommodation and cover the cost of living and eating at the school.

The semester starts January 7 and ends June 25.

At our website (www.krabbesholm.dk) you can read more about the school, the courses and the everyday life at Krabbesholm.

You are welcome to contact Krabbesholm's principal Kurt Finsten if you have any questions:

Mail: kf@krabbesholm.dk

Telephone: +45 28191631

Application deadline: December 7, 2018.
